January 01, 2020

Dear Fellow Fair-Goer,

We hope you are as excited as we are for the rapidly-approaching 2020 Pickaway County Fair, to be held Saturday, June 20th through Saturday, June 27th. As you are reading this, many of our Senior Fairboard Members and committee volunteers are participating in the 95th Ohio Fair Managers Convention, where we yearn to learn more about the innerworkings of other Ohio county and independent fairs and bring some of those stellar ideas home to all of you, our active fair-goers! It is our goal to continue to advance and make improvements so that the residents of Pickaway County can enjoy THE BEST DARN FAIR possible!

All of those interested in camping at the 2020 Pickaway County Fair are being asked to **complete the enclosed camping application**, due January 31st. Camping spots will then be assigned by the Senior Fairboard camping committee and those earning camping privileges will be notified by February 14th, with payment due in-full by February 28th. It is our intent to keep everyone in last year's spots, as much as feasibly possible, based on site demand and asserted need demonstrated by current year applicants.

Additionally, due to issues in the past and in staying consistent with last year's protocol, **ONLY golf carts will be allowed on the grounds**. As in previous years, these golf carts will only be allowed in designated areas and must be parked in marked corrals. There will be no ATV's, side by sides, gators, or the like, permitted on the grounds. As a courtesy, we have arranged with Eagle Golf Cars to have rental units available, if you do not have one. The rentals will be handled directly through Eagle Golf Cars, with details to be forthcoming accompanying notification of your assigned camping spot (you will need to contact Eagle Golf Cars directly to arrange payment and they will deliver those golf carts with others being procured by, and for, Senior Fairboard Members).

We look forward to you joining us as we host the Pickaway County Fair in our new, and much improved, facilities. If you have any questions, please direct them to us via email at camping@pickawaycountyfair.org. (NOTE: this email inbox and process is monitored by volunteers with commitments beyond the fair so we appreciate respect and patience in anticipation of a reply to any questions or concerns.)

Best Regards,

Pickaway County Ag Society Board of Directors
Camping and Golf Cart Committee
